

# GSK GREEN DRAGON PRIMARY SCHOOL VOLUNTEER PROGRAMME

## **Positively affect a single child's learning & schooling experience**

The children benefit from:

- The opportunity for additional support in reading or a maths related activity
- Enjoyment of reading
- Increased motivation and interest in maths
- Improvement in mental calculations and strategies
- Greater confidence in the classroom
- An extra adult to give them attention
- Exposure to a new positive role model

As GSK volunteers' experience and confidence grows many are able and willing to input into the curriculum itself. They then work with a larger group of children than just the targeted "mentored" children.

## **Be part of GSK's mission & commitment to supporting the scientists of tomorrow**

GSK's partnership with Green Dragon School aligns perfectly with the company's broader commitment to social investment in science education. Making sure young people are equipped and motivated to learn about science is a crucial part of GSK's mission.

*"She has big earrings and she has her hair up everyday. She makes me laugh. She helps my teacher and she helps me to spell long words. I wish she would come every day."*

**7 year old student Megan speaking about her GSK volunteer**

## **Take on a bit more than an Orange Day, and a bit less than a Pulse assignment, to contribute to the community**

Your commitment:

- Regular weekly attendance – a lunch break: 1 hour at the school, plus 10mins to cycle or drive there and back
- Punctuality
- Work with a child or small group of children within a class
- Undergo a CRB check
- Sign an agreement with the school to respect their procedures and confidentiality
- Keep a log of the time you contribute

## **Enhance your work-life by going back to school**

You will benefit from:

- The satisfaction of watching a child grow in confidence and gain improved skills
- The opportunity to make a contribution to individual children's progress
- A greater understanding of how children learn
- Development of your personal and business skills through fun and rewarding sessions with children
- Enjoyment from collaborating with colleagues on a worthwhile project
- The opportunity to experience a different working environment
- An addition to your CV
