About Spark!

We believe it is possible for every young person to be ready and equipped to enter the world of work, and with youth unemployment rapidly rising, there has never been a more important time for our services.

Working in partnership with schools and colleges, alongside a large and diverse range of employers and funders, we enhance young people's employability skills, knowledge, and experience, so that they are better prepared for and able to effectively transition into the workplace, finding and keeping a job.

We do this by enabling and supporting long-term relationships between local businesses and education to:

- create **high quality work experience** placements.
- broker inspiring **careers mentoring relationships**.
- deliver a range of **employer engagement and employability skills development** opportunities.

Born out of the Hounslow Education Business Partnership, Spark! is now an independent charity, working across a range of locations, with diverse groups of young people and employers.

We are a motivated and passionate team, led by the desire to positively impact on the employment prospects and life chances of young people. We endeavour to live our values; of **integrity, diversity, openness, and quality**, in our decision making and all that we do.

About the role

We are looking for a passionate and experienced person to join our friendly team, developing and facilitating a range of inspiring activities with young people, schools and businesses across our network.

The work will be varied and responsive to the priorities of Spark! and will include, but not be limited to:

- Facilitating productive partnerships between employers and schools.
- Delivering employability and work readiness workshops in schools, colleges, and the community.
- Developing resources, materials, and tools to deliver our activities to an exceptional standard.

A significant part of this role will be ensuring Spark! effectively and efficiently meets the commitment of our Careers Cluster partnership with the London Borough of Hounslow.

Funded by the European Social Fund for three years, the overall aim of the Careers Cluster is to improve the responsiveness and relevance of Careers Education Information, Advice and Guidance (CEIAG) to employers' needs, and to better equip young Londoners for the world of work.

This position will work with Senior Leadership Teams and Career Leads in 15 Hounslow secondary schools and colleges, alongside diverse employer partners, to design high quality, employer endorsed careers guidance strategies. This will include:

- piloting varied employer-based activities for schools and students.
- helping teachers to better understand London's Labour Market.
- supporting pupils into work experience placements and internships.

To succeed in this role you will need to thrive in a fast-paced environment, be solution-focussed, and motivated by having a significant impact on the lives of young people and the future success of the charity.

Job Description

The main job purpose is to work with schools and employers to develop and deliver meaningful employer engagement opportunities for young people, facilitate engaging work readiness training and events, and manage the Careers Cluster project delivery and outcomes.

- Ensure that all Careers Cluster contract deliverables are achieved.
- Ensure evidence, audit and report requirements of the contract are fulfilled and submitted as required.
- Source appropriate employers to work with schools and colleges as part of the Careers Cluster to improve employer involvement in careers curriculum planning, delivery, and evaluation.
- Support all Careers Cluster school and college members to complete and implement an employer-endorsed Career Guidance Strategy.
- Work with all Careers Cluster institutions to ensure that they attend network meetings with a brief to share learning and expertise across the network.
- Attend Careers Cluster network meetings and provide regular updates and impact reports to the network and contract manager.
- Deliver Spark!'s menu of interactive employability workshops and events to young people and/or adult professionals, in a range of different environments, organisations and institutions.
- Develop delivery frameworks, associated resources, and training materials as required.
- Contribute to the development and enhancement of Spark!'s programmes, through pro-active knowledge sharing and feedback.
- Complete all monitoring and evaluation requirements to effectively measure and understand the impact of the workshops and activities you deliver.
- Represent Spark! professionally to beneficiaries, funders, partners, and other stakeholders.
- Support your practice by taking part in professional development opportunities provided by Spark!
