About Spark!

Formerly the Education Business Partnership in Hounslow, Spark! is now a charity working across West London and beyond, with more than 40 years experience of partnership with schools, communities, and alongside a large and diverse range of local and national employers.

In collaboration with businesses and employer volunteers we enhance young people's employability skills, knowledge, and experience, so that they are better prepared for and able to effectively transition into the workplace, finding and keeping a job.

We provide:

- a range of work readiness and employer engagement activities
- high quality work experience placements
- inspiring careers mentoring relationships
- an online careers and skills development platform
- supported transitions from education to employment

We believe it's possible for every young person to be ready, equipped, motivated, and able to enter the world of work, and there has never been a more important time for our services.

About the Awards

We will be holding our 35th Annual Awards in November 2022, With over 200 attendees, including local dignitaries, Members of Parliament, and senior stakeholders from the world of business and education, this event is a great way of supporting the local community, and helping to acknowledge and celebrate the astounding achievements of young people, schools, and businesses, across West London, during the most difficult of years.

The event includes young people sharing their experiences of working with Spark!, and we will also hear from Head Teachers and a selection of our businesses partners.

There are 10 awards in total, including Volunteer of the Year, Careers Teacher of the Year, Work Experience Provider of the Year, Work Experience Student of the Year, and Business Partner of the Year.
