About Spark!

We believe it is possible for every young person to be ready, equipped, and able to enter the world of work, and with youth unemployment rising, there has never been a more important time for our services.

Working in partnership with schools and colleges, alongside a large and diverse range of employers and funders, we enhance young people's employability skills, knowledge, and experience, so that they are better prepared for and able to effectively transition into the workplace, finding and keeping a job.

"I had struggled with finding my voice when it came to my career, as I lacked confidence. It was through the mentoring sessions that I gained the knowledge that I needed, and this boosted my confidence massively"
