The Expo is a fantastic opportunity for parents and teens to explore education and career options together. Have those vital, in depth, face-to-face discussions and join our workshops, clinics and talks to get answers to all the key questions:

- **Education choices** - there is no better place to look at sixth form and university options, be inspired by current students, get advice from admissions staff, discuss course choices and decide whether to go to university.
- **Career Choices** - help your teenager explore the different pathways towards work. Whether it's Finance or Engineering, Fashion or Film, Step Up Expo will help your teenager to find apprenticeships, training, Saturday jobs and work experience.
- **Life skills** - practical advice and support on the issues facing teenagers today, from financial confidence to well-being.
